

# Fiscal Sponsor Framework

---

## Purpose

United Way of Forsyth County (UWFOCO) serves as a catalyst for community transformation. As part of our commitment to growing local capacity, UWFOCO may enter into **fiscal sponsorship arrangements** with mission-aligned projects, initiatives, or emerging nonprofits. This framework outlines the expectations, structures, and policies for these relationships.

---

## Definition of Fiscal Sponsorship

A **fiscal sponsor** is a 501(c)(3) organization that extends its legal and tax-exempt status to a project or initiative that does not have its own nonprofit incorporation. Under this model, the sponsored project becomes a **program of the fiscal sponsor**, operating under UWFOCO's legal, financial, and administrative umbrella.
